

Spectrum AUHD Series

Motorized Acoustic Transparent Projection Screen

Product Description

Elite Screens **Spectrum AcousticPro UHD Series** is a versatile electric motorized screen that fits perfectly in either residential or commercial wall/ceiling applications. The AcousticPro UHD material is designed to complement in-wall speakers while allowing sound to pass through the material with minimal attenuation. Its tight perforated weave material allows a superior AT performance without sacrificing picture quality.

Product Design & Features

- Durable steel case includes endcaps for wall or ceiling mount options
- Plug & Play design with built-in low voltage control system
- Includes standard black masking borders
- Complements in-wall speakers allowing sound to pass through
- Optional 6" and 12" L brackets – **sold separately**

Control System

- Includes handheld Infrared (IR) and Radio Frequency (RF) remote controls, and a wall box controller for manual on-wall operation
- User-friendly programmable vertical drop position
- Wall box controller is detachable for a clean look
- Built-in selectable channels allow one RF remote programming to control multiple screens and prevent interference
- 12v trigger feature allows the screen's operation to synchronize with the projector's power cycle
 - Wired 12v trigger capability via wall box controller
 - Wireless 12v trigger capability via Radio Frequency remote
