

The **CineTension B** is the ideal tab-tensioned projector screen for the CE Retail channel. It has a long distance IR/RF remote control kit. A detachable wall switch keypad is also included. Its tab-tension design ensures that its CineWhite® UHD material maintains the necessary flatness for its wide diffusion uniformity. The white aluminum housing is designed to accommodate floating wall/ceiling brackets that align with wall studs and ceiling joists providing a simple DIY installation.

Screen Material

- CineWhite® UHD 1.1 gain (tensioned matte white) front projection material
- Wide diffusion uniformity allows viewers to enjoy a clear picture of equal brightness from any angle
- Black borders absorb projector overshoot while enhancing visual contrast
- 4K/8K Ultra HD, Active 3D, HDR Ready
- ISF Certified for accurate color points, color temperature and dynamic range

Design and Installation

- Moisture resistant white aluminum housing
- Rust resistant aluminum floating brackets allow flush wall/ceiling installations to be centered
- Tab-tension material design provides uniform flatness over the entire screen surface
- Radio Frequency and Infrared Remotes with 3-position wall keypad switch included

Quality & Reliability

- Fast acting tubular motor has superior weight tolerance and operational lifespan
- 2-year Parts & Labor manufacturer's warranty
- 3-year warranty offered through ENR-G program (Education, Non-Profit, Religious and Government)
