

The **Lunette 2 Series** is Elite's curved fixed frame screen. Curved screens design improves image depth and perception while increasing brightness uniformity. A new design feature for the **CineWhite®** material is a rubber-edge border that makes installation a lot easier and a lot less time consuming. As an added bonus, a new installation kit is included free of charge.

## Features

### Screen Material

- Award winning CineWhite® 1.1 Gain front projection material with black backing full tension uniformity across entire viewing surface
- Outstanding picture quality at any viewing angle with no compromise in resolution or brightness
- 4K Ultra HD and Active 3D Ready
- Available in diagonal sizes **84"- 180 (16:9) and 115"- 166" (2.35:1)**

### Design & Installation

- Permanently tensioned Curved Fixed Frame Projection Screen
- Curvature enhances contrast levels with decreased incident light while creating a heightened sense of immersion
- 40' fixed radial curvature also eliminates the pincushion effect
- Velvet covered 3.5" width aluminum frame border
- Installation kit includes: Woods screws & anchors, Wall Brackets, Screwdriver, and Mallet
- 2-year Premium Warranty
