

The **Spectrum Tab-Tension Series** is part of Elite's "Spectrum" CE-Retail line of electric projection screens. Its primary identifiable feature is the tab-tension reinforcements at the sides of the material which enhance superior flatness levels on the screen.

Screen Material

- MaxWhite®, 1.1 gain matte white material
- 180° wide viewing angle
- Not compatible with Ultra/Short-throw Projectors
- Black masking borders with black material backing
- 4K Ultra HD, Active 3D, and HDR Ready
- Available in the following diagonal sizes:
 - 100" and 125" in 16:9 format

Design and Installation

- Durable black casing for wall/ceiling installations
- Tab-tension system provides a uniform screen flatness
- Ships fully assembled with standard 3-prong power connection ready to plug and play
- Includes wood screws and drywall anchors
- Bubble level with wall screw kit
- Optional in-ceiling trim kit (Model ZCU3 for Electric100HT and ZCU4 for Electric125HT) - **sold separately**
- Optional 6" & 12" wall/ceiling brackets - **sold separately**

Control System

- Infrared (IR) remote control
- Detachable 3-way wall switch
- Integrated 5-12 volt trigger port synchronizes Drop/Rise operation with the projector's power cycle
- Low-voltage internal IR/RF receivers; 5-12 v trigger cable
- RJ45 input port allows easy integration with 3rd party control systems
- Optional RF remote & Wireless 5-12 volt trigger available - **sold separately**

Quality & Reliability

- Synchronous motor allows silent operation with low power consumption and extended operational longevity
- AMX and Crestron Certified
- Standard and Child/School indoor air quality cert.
- GREENGUARD® and GREENGUARD® Gold Certified
- 2-year warranty from defects in workmanship
- 3-year warranty offered through ENR-G program (Education, Non-profit, Religious, and Government/Military)
