The **VMAX Dual®** Series is an electric projection screen with alternating 16:9/2.35:1 aspect ratio options. The product comes fully equipped with mounting brackets and includes a Radio Frequency remote control which also serves as a wireless 5-12 volt projector trigger.

The **VMAX Dual®** utilizes two independently front projection materials and is compatible with all Home Cinema projectors. Available with MaxWhite® (matte white) and AcousticPro UHD (sound transparent) front projection surfaces.

### Screen Material
- MaxWhite® 1.1 Gain or AcousticPro UHD 1.0 Gain front projection surface with 4-sided black masking borders
- Wide viewing angle with excellent diffusion uniformity
- Standard black backing eliminates light penetration (MaxWhite® only)
- Active 3D and 4K Ultra HD Ready
- Not compatible with Ultra/Short-throw Projectors

### Control System
- Radio Frequency (RF) wireless remote control operation with separate 16:9 and 2.35:1 buttons
- Wireless 5-12v trigger enables (16:9 default) drop/rise operation to synchronize with the projector’s power cycle
- Alternating 16:9 (HDTV) and 2.35:1 (Cinemascope) projection materials

### Design and Installation
- Heavy-duty black housing is durable and moisture resistant
- Capable of wall or ceiling installation
- Constant Image Width design
- 12mm distance between screen materials negates depth of focus distortion
- Dual motors for each screen panel

### Quality and Reliability
- Low power consumption Synchronous motors allow a silent operation with extended operational longevity
- 2-year standard warranty
- 3-year warranty offered through our ENR-G program (Education, Non-Profit, Religious, and Government organizations)
- GREENGUARD® Gold Certified
