The Aeon AcousticPro UHD is an acoustically transparent (AT) Ultra-Hi Def fixed frame projection screen designed to complement in-wall speakers while allowing sound to pass through the material. Its tight weave material allows a superior AT performance without sacrificing picture quality.
Aeon AcousticPro UHD Series
An acoustically transparent (AT) Ultra-Hi Def fixed frame projection screen designed to complement in-wall speakers while allowing sound to pass through the material.

Screen Material:
- AcousticPro UHD sound transparent projection material allows speaker placement behind the material
- 180° wide viewing angle with 1.0 gain
- Wide diffusion uniformity
- Active 3D, 4K Ultra HD, and HDR Ready
- Black-backing mesh reduces light reflectivity
- Stretches over frame for a permanently tight-tensioned flat surface
- Available in the following diagonal sizes:
  • 100", 120", 135" and 150" in 16:9 format

Design and Installation:
- Aluminum lightweight split-frame design
- Easy to assemble and install in minutes
- EDGE FREE® or install ultra-thin trim
- Smaller footprint maximizes viewing area
- Wall mount brackets slide ensuring the frame is properly centered
- Optional LED backlight kit with remote control - sold separately

Quality and Reliability:
- 2-year Parts & Labor manufacturer's warranty
- 3-year warranty offered through ENR-G program (Education, Non-Profit, Religious and Government)

AcousticPro UHD Material
The AcousticPro UHD (ultra-high definition) is a moiré-free self-supported acoustically transparent front projection screen material. The dense synthetic weave is compatible with Ultra-High Definition/4K resolutions while mitigating light penetration for a brighter picture. The AcousticPro UHD design maximizes sound penetration with minimal attenuation without compromising picture quality.
