

MOSICGO

MOVIES MUSIC POWER GO™

YOUR OWN PERSONAL THEATER WHEREVER YOU GO

The Mosicgo FUST portable projector is an all-in-one video source that will take the big-screen experience wherever you go. This ultra-short-throw projector requires little more than a few inches to throw a large +80" image upon a flat projection surface. It packs quickly; has a durable design; and is easy to use. The "three-in-one" feature means that it's a projector, Bluetooth speaker, and portable power source all in a convenient package that travels with you.

Ultra-short-throw (UST) projector features a 560 lumen, RGB LED lamp that throws an 80" image at a 20" (.5m) distance in a 16:9 aspect ratio.

Bluetooth Speakers, a pair of integrated 5-watt speakers with 3.5 mm jack provides superb sound performance.

Power bank allows the projector to function as a stand-alone unit using an embedded rechargeable battery pack with 3-hours run time.
