

Aeon CineGrey 4D AT Series

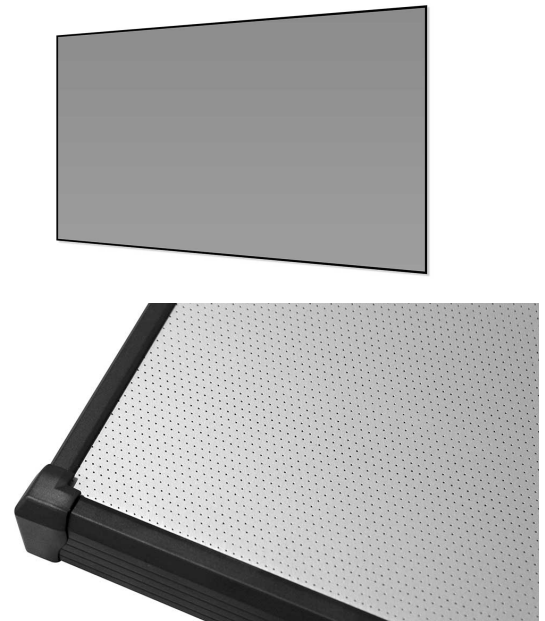

Acoustic Transparent Ambient Light Rejecting Projection Screen

Compatible with Standard "Long" Throw Projectors ONLY

Product Description

The **Aeon CineGrey 4D AT** is an acoustically transparent EDGE FREE® fixed frame screen with ambient light rejecting technology. It is perforated to allow speaker placement behind the screen to allow sound to breathe through while producing outstanding imagery in dark or bright room environments. The screen material is wrapped around the frame which enables it to have a flat and taut permanently tensioned front projection surface. An LED kit is available and sold separately.

Models	Diagonal Size	Aspect Ratio	View Width	View Height	Material	Gain	Frame Width
AR110H-ATD4	110"	16:9	95.9 in	54.0 in	CineGrey 4D AT	1.1	0.4 in
AR125H-ATD4	125"	16:9	109.0 in	61.3 in	CineGrey 4D AT	1.1	0.4 in
AR135H-ATD4	135"	16:9	117.7 in	66.2 in	CineGrey 4D AT	1.1	0.4 in
