

Aeon StarBright 9™ Series

Ceiling Ambient Light Rejecting Projection Screen

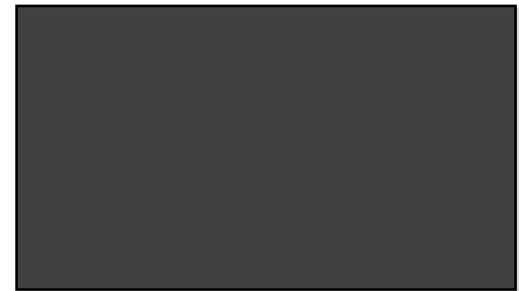

Compatible with Standard Throw Projectors ONLY

Product Description

The **Aeon StarBright 9™** represents the absolute pinnacle of ambient light rejecting technology. It features an internal-framework with the wraparound material that is better known as an EDGE FREE® design. It is a more aesthetically pleasing format and includes a sleek thin frame bezel. The design blends seamlessly into any home décor.

The StarBright 9™ is an advanced retro-reflective, multiple-layer, optical microfilter-based viewing surface that can absorb up to 95% of overhead ceiling light. Its ISF Certification assures accurate color fidelity while providing the deepest blacks possible astonishing level of detail in a full 180-degree viewing angle.

| Models | Diagonal | Aspect Ratio | View Width | View Height | Material | Gain | Bezel Width |
|-------------|----------|--------------|------------|-------------|---------------|------|-------------|
| AR123H2-SB9 | 123" | 16:9 | 107.2 in | 60.3 in | StarBright 9™ | 0.9 | 0.6 in |

Product Features

- StarBright 9™ material has a wide viewing angle that reflects a bright image across the entire surface for superior off-axis performance
- Active micro-structural filters absorb 95% of ambient light from above and below
- Diffusion layers enhance color contrast and black/white dynamic range performance
- Wide diffusion uniformity across the entire screen surface without color shift, texture, shimmer, hot-spotting, dark corners and other distracting artifacts
- Scratch-resistant material is easy to clean
- ISF Certified for accurate color reproduction
- 4K/8K Ultra HD, HDR Ready for high resolution projectors
- Sleek EDGE FREE® Fixed Frame design maximizes viewing area in a smaller footprint
- Wrap-around material stretches over internal framework and is secured with springs for a tight-tensioned flat projection surface
- Ultra-thin black aluminum bezel trim resembles a flat panel TV
- Lightweight aluminum split-frame design facilitates shipping
- Sliding wall mounting brackets allow vertical movement of screen to ensure precision on-axis alignment
- Optional LED kit available – **Sold Separately**
- 2-Year / 3-Year ENR-G Manufacturer's Warranty by Elite Screens
