The ENR-G program extends Elite's current 2-year warranty to 3-years for any purchases made by an Educational, Non-profit, Religious or Government/Military organization. This means that Elite's professional staff and company resources are available to handle the warranty needs of these valuable channels for up to 50% longer than our regular warranty plan.

www.elitescreens.com

Elite Screens Inc. is a US based company with its world headquarters in California and satellite offices in Maryland, Germany, Taiwan, China, Japan, India, and Australia. Elite is an ISO9001:2015 certified manufacturer that specializes in producing retail, commercial and home-theater projection screens for the specific needs of these three sales channels. As a leading American screen company, Elite delivers its promise of award winning quality through cost effective products for today's discerning video enthusiasts. We produce a variety of front, rear ALR, and acoustically transparent projection screen materials for virtually any projection environment.

New products for 2019:

- The **Evanescence Tab-Tension B Cinegrey 5D®** is an in-ceiling electric projection screen designed for integrated ceiling installations that utilizes our CineGrey 5D® ambient light rejecting material for superb performance with the lights on or off.
- **Yard Master Sport** is an ultra light-weight portable projection screen suitable for indoor and outdoor applications. Its detachable screen material allows it to hang on the tripod stand or onto a wall.
- **ezCinema Tab-Tension** is a free-standing portable projection screen that is offered now with a tab-tension system and a scissor-back mechanism. This is the perfect "projector screen in a box" for portable presentations on the go.
- The **Yard Master Electric Tension** is an electric screen with 2-way projection material that is IP33 rated for wind/rain penetration for outdoor applications. The tension design supports a front/rear projection surface with perfect uniform flatness.

Manual B Series ●

The Manual B Series is an entry level, yet high performance, manual pull-down projector screen. It's ideal for home or business applications. Its integrated mounting solutions allow it to be installed on the wall or ceiling suspended.

Manual Series ●

The Elite Manual Pull-down series front projection screen is a cost effective retractable screen with a dual case design for wall or ceiling installations.

Manual SRM Series ●

The Manual SRM Series front projection screen has a special built-in Slow Retract Mechanism to allow a safe and quiet return to the screen's housing.

Manual SRM Pro Series ●

The Manual SRM Pro features a "slow retract mechanism" for hands-free retraction. Its housing comes in a pearlescent aluminum white finish designed for wall/ceiling installations. The front projection material is our industry proven MaxWhite® FG.

Manual Tab-Tension Series ●

The Manual Tab-Tension Series, is a premium grade non-electric large venue projector screen. The tab-tension system allows the projection surface to be flat and taut so that ultra/short throw projectors may be used with this screen as well.

Manual Grande® B Series ●

A Large-sized manually operated retractable screen that uses a bead chain clutch system. It employs a very swift rolling mechanism that allows it to stop at any point to prevent from being raised or lowered too far.

Manual Tab-Tension 2 Series ●

The Manual Tab-Tension 2 series is a non-electric tensioned projector screen that features a slow retract mechanism (SRM) for hands-free retraction. Uses Elite's CineWhite® UHD-B material for enhanced flatness.

CineTension 2 WraithVeil® Dual Series ●

A sturdy, well-made electric motorized projector screen that has front and rear-projection capabilities. Its tab-tensioned material provides uniform flatness for exceptional projected image clarity.

Spectrum Series ●

The Spectrum Series is the best option for a budget Electric/Motorized front projection screen.

Spectrum 2 Series ●

The Spectrum 2 series is a combination of a sleek design with simple functionality. It is easy to install and comes with a 3-way integrated control switch. Optional remote control kit is available.

Saker B Series ●

An electric projection screen that embodies all the virtues of quality, durability, and aesthetic value. It utilizes our MaxWhite® Fiberglass (FG) material which has a wide viewing angle to allow the audience to see the image from anywhere in the room.

Starling 2 Series / Starling Tab-Tension 2 Series ●

Starling 2 Series is one of our most comprehensive electric projection screen lines which is now equipped with a fast tubular motor to improve the operation speed.

VMAX 2 Series ●

Is an enhanced electric motorized projector screen for commercial and home theater applications. It has a silent and power-saving synchronous motor. With standard features such as the IR & RF remotes, 12v Trigger and Electronic "Eye" Receiver.

VMAX Dual® Series ● ●

The VMAX Dual® Series is an electric projection screen with alternating 16:9/2.35:1 aspect ratio options. The product comes fully equipped with mounting brackets in addition to an RF and 12v trigger control kit.

CineTension B Series ●

The CineTension B is the ideal tab-tensioned projector screen for the CE Retail channel. Its tab-tension design ensures that its CineWhite® UHD material maintains the necessary flatness for its wide diffusion uniformity.

Saker Tab-Tension CineGrey 5D® B Series ●

A 1.5 gain ambient and ceiling light rejecting® projector screen that comes in an electric "roll-up" configuration. ALR and CLR® projection screens enhance picture quality with more defined contrast levels.

Tension Pro B Series ●

Elite Screens' Tension Pro B Series is a large-venue motorized retractable projector screen. It features superior flatness using a tab-tensioned system design and is available in sizes from 200" – 300" in a 16:9 (HDTV) aspect ratio.

Saker Tab-Tension AUHD ●

An acoustically transparent Ultra HD electric/motorized tab-tensioned projection screen. The AcousticPro UHD material is designed to complement in-wall speakers while allowing sound to pass through the material with minimal attenuation.

Starling Tab-Tension 2 CineGrey 5D® Series ●

An electric motorized retractable projector screen that uses an Ambient Light Rejecting material. Material enhances picture quality in environments with little control over room lighting.

Spectrum Tab-Tension 2 / CineGrey 3D® ● ●

Is part of Elite's CE-Retail line of electric projection screens. It's tab-tension reinforced CineWhite® UHD-B material provides enhanced material flatness. Alternate models will feature the CineGrey 3D® ceiling/ambient light rejecting material.

Projection Screen Material Legend

- Dual Rear
- Acoustic Transparent
- Matte White
- Dry-Erase
- Ceiling/Ambient Light Rejecting

Yard Master 2 Series

Yard Master 2 is a folding-frame outdoor projection screen. Its light-weight aluminum frame allows it to be set up in minutes. Simply, unfold the frame; attach the material and legs, then project

Yard Master Plus Series

The Yard Master Plus is an enhanced version of Elite's portable indoor/outdoor folding-frame screen that comes with variable height settings to accommodate larger venues

Yard Master Manual Series

A non-electric outdoor projection screen that is IP65 certified for rain/water protection. Its retractable design is ideal for wall and patio installations as it brings media room quality in addition to functionality to your outdoor spaces.

Pop-Up Cinema Series

The Pop-up Cinema Series, is a portable pop-up Cinema projection screen for instant use in outdoor or indoor environments.

DIY Screen Pro Series

Designed to be lashed to its surrounding environment for a quick setup. It is a professionally engineered yet cost-effective solution that eliminates all of the visual problems encountered while trying to project on regular sheet fabrics.

DIY Pro WraithVeil® Dual Series

The DIY Pro WraithVeil® Dual is an outdoor do-it-yourself screen that is capable of both front and rear projection. The Dual material diffuses projected light to create a bright clear image on both sides of the surface.

Yard Master Electric

The Yard Master Electric is Elite's outdoor projector screen for patios and other outdoor spaces. Watch a movie in the convenience of your own backyard, patio, pool deck, or wherever your creative innovation leads.

Yard Master Electric Tension

The Yard Master Electric Tension Series is an electric screen with 2-way projection material that is IP33 rated for wind/rain penetration for outdoor applications. The tab-tension design supports a front/rear projection surface with perfect uniform flatness.

Yard Master 2 WraithVeil® Dual Series

A fast folding-frame outdoor or indoor projection screen. It includes a front and rear projection material in one. This eliminates the need to swap out materials and conveniently accommodates both projection set ups.

Yard Master Awning Series

The Yard Master Awning Series is a Free-Standing retractable sun shade to keep your backyard events comfortable in the heat of the day. When night falls, it becomes the ultimate platform for large outdoor theater presentations.

Portable Screens

ezCinema 2 Series

The ezCinema 2 is a free-standing portable projection screen that offers more features than our earlier model. It swiftly pulls up and retracts using a "scissor-backed" free-standing mechanism that requires no extra tools.

ezCinema Tab-Tension

The ezCinema Tab-Tension is a free-standing portable projection screen that is offered now with a tab-tension system and "scissor-back" mechanism. This is the perfect "projector screen in a box" for portable presentations on the go.

Tripod B Series

Tripod B Series is a light-weight portable projection screen of the traditional tripod design..

Yard Master Sport Series

The Yard Master Sport is an ultra-light-weight portable projection screen. The detachable screen material is equipped with hanging loops so that it will be centered if hung on its tripod stand or onto a wall which is ideal for either indoor or outdoor applications.

Tripod Pro Series

Tripod Pro features a new casing with the velour surfacing that adds a touch of elegance for more upscale small or large venue presentations. Its black tube casing adds protection and is coated in a velveteen material that absorbs glare from projectors.

Reflexion Series

The Reflexion Series combines the ease of portability of our tripod screens with the quick set up of our ezCinema Series.

QuickStand 5-Second Series

QuickStand 5-Second Series is a large venue free-standing "pull-up" projection screen. Its portable design makes it ideal for conference rooms and large group presentations on the go.

ezCinema Series

The ezCinema Series is a small and large venue ultra-portable projector screen that sets up easy using its detachable telescoping support bar hardware for residential or commercial presentations. Sizes available 120", 135" and 150" in 4:3 and 16:9 formats.

Tripod Lite™ Wall Series

The Tripod Lite™ Wall Series is an ultra-lightweight portable projection screen that uses the traditional tripod design.

Designer Cut Series

Designer Cut Series is Elite's selection of pre-cut projection screen material swatches. The swatches are prepared for use in custom solutions and other improvised installations according to the integrator's needs.

Aeon Series ● ●

Aeon Series is a fixed frame projection screen that uses Elite's EDGE FREE® technology. The EDGE FREE® design resembles a giant size flat panel TV display.

Aeon CLR® ●

An EDGE FREE® fixed frame screen that uses Elite's innovative StarBright CLR® (Ceiling Light Rejecting®) material. Its angular serriform microstructures negate the washout effects of ambient light, especially from overhead sources.

Aeon CineGrey 5D® B Series ●

The CineGrey 5D® is an angular reflective front projection material designed to reject ambient light while maintaining superb picture quality. The CineGrey 5D® is the perfect solution for rooms that have little or no control over incidental light.

Aeon AUHD ●

The Aeon AcousticPro UHD is an acoustically transparent (AT) Ultra-Hi Def fixed frame projection screen. The AcousticPro UHD material is designed to complement in-wall speakers while allowing sound to pass through the material with minimal attenuation.

SableFrame / SableFrame2 Series ●

The SableFrame is our fixed frame screen for today's entry level Home Cinema 1080P projectors.

Sable Frame CineGrey 3D® ●

The CineGrey 3D® is an angular reflective front projection material designed to reject ambient light while maintaining superb picture quality. The CineGrey 3D® is the perfect solution for rooms that have little or no control over incidental light.

Lunette / Lunette2 Series ●

The Lunette Series Fixed Frame Screen has a curved frame with 3.5" black frame borders with CineWhite® or AcousticPro1080P3 material options.

Aeon CineGrey 3D® AT ● ●

Elite Screens' Aeon CineGrey 3D® AT is a fixed frame ambient and ceiling light rejecting (ALR/CLR®) projection screen that is perforated to permit acoustic transparency for use with in-wall speakers.

Sable Frame B2 Series ●

The Sable Frame B2 screen feature Elite's CineWhite, 1.1 gain front projection material in a 16:9 aspect ratio. Enjoy an ultra-flat projection surface accomplished by a spring tensioned system.

Aeon CLR® 2 Series ●

The Aeon CLR® 2 is an EDGE FREE® ceiling and ambient light rejecting (ALR/CLR®) projection screen. It specializes in negating the washout effect caused by overhead and other off-axis light sources. The CLR 2 features a durable scratch-resistant coating that is easy to clean.

Whiteboard & Pliable Screens

WhiteBoardScreen™

Thin Edge B Series ●

This Whiteboard Screen functions as a theater-grade projection material with a full lambertian diffuser that is also a dry-erase writing surface. It is bordered with an ultra-thin aluminum black frame.

WhiteBoardScreen™ Series ●

An ultimate presentation tool for any media room. This unique whiteboard projection screen does not glare and is ideal for short throw projectors as well as interactive projectors.

Projection Screen Material Legend

- Dual Rear
- Acoustic Transparent
- Matte White
- Dry-Erase
- Ceiling/Ambient Light Rejecting

Evanesce Tab-Tension B CineGrey 5D® ●

An in-ceiling electric projection screen designed for integrated ceiling installations. It utilizes our CineGrey 5D® ambient light rejecting material for superb performance with the lights on or off.

Evanesce Tab-Tension B Series ●

An elegant finished in-ceiling projection screen. It has a slim casing for easy installation from above or below a ceiling. The tab-tensioned system maintains flatness uniformity with no tab impressions.

Evanesce Plus B Series ●

The Evanesce Plus B is a large in-ceiling projection screen suitable for big size rooms. It is the ideal companion for medium to large size auditoriums, gymnasiums, banquet/reception rooms, and large home theaters.

Evanesce B Series ●

The Evanesce B is a versatile in-ceiling projection screen that conveniently disappears from view when not in use. It can be installed from within the above-ceiling airspace or from below thanks to its removable base panels that were originally designed for the European market.
