FOR NEW ELITE SCREENS® CONTENT AND VIDEOS

The ENR-G program extends Elite's current 2-year warranty to 3-years for any purchases made by an Educational, Non-profit, Religious or Government/Military organization. This means that Elite's professional staff and company resources are available to handle the warranty needs of these valuable channels for up to 50% longer than our regular warranty plan.

www.elitescreens.com

Elite Screens Inc. is a US based company with its world headquarters in California and satellite offices in Maryland, Germany, Taiwan, China, Japan, India, and Australia. Elite is an ISO9001:2015 certified manufacturer that specializes in producing retail, commercial and home-theater projection screens for the specific needs of these three sales channels. As a leading American screen company, Elite delivers its promise of award winning quality through cost effective products for today's discerning video enthusiasts. We produce a variety of front, rear, ALR, and acoustically transparent projection screen materials for virtually any projection environment.

New products:

- The **Aeon CLR® 3** is an EDGE FREE® fixed frame screen that utilizes our CLR® 3 (Ceiling Light Rejecting®) material. Negates the washout effect of ambient light especially from overhead sources.
- The **Light-ON CLR® 3** is a category of Ceiling Light Rejecting (CLR®) solutions designed to work only with Portable Ultra Short Throw projectors that combat the washout effect in bright ceiling light rooms such as classrooms or living rooms.
- The **Kestrel Tab-Tension 3** is an electric floor-rising projection screen that is an attractive centerpiece for home theater or high-level conference rooms. Provides a ripple-free image suitable for UST projectors.
- The **Starling Tab-Tension 2 CineGrey 4D** is a high-quality electric tensioned motorized screen. It utilizes our CineGrey 4D material, which is an ambient light rejecting projection surface.

Manual B Series

The Manual B Series is an entry level, yet high performance, manual pull-down projector screen. It's ideal for home or business applications. Its integrated mounting solutions allow it to be installed on the wall or ceiling suspended.

Manual Series

The Elite Manual Pull-down series front projection screen is a cost effective retractable screen with a dual case design for wall or ceiling installations.

Manual SRM Pro Series

The Manual SRM Pro features a "slow retract mechanism" for hands-free retraction. Its housing comes in a pearlescent aluminum white finish designed for wall/ceiling installations. Projection materials utilized are the MaxWhite® FG and MaxWhite® 2.

Manual Tab-Tension 2 Series

The Manual Tab-Tension 2 series is a non-electric tensioned projector screen that features a slow retract mechanism (SRM) for hands-free retraction. Uses Elite's CineWhite® UHD-B material for enhanced flatness.

CineTension 2 WraithVeil® Dual Series

A sturdy, well-made electric motorized projector screen that has front and rear projection capabilities. Its tab-tensioned material provides uniform flatness for exceptional projected image clarity.

Spectrum Series

The Spectrum Series is the best option for a budget Electric/Motorized front projection screen. It is versatile and fits perfectly in either residential or commercial wall/ceiling applications.

Spectrum 2 Series

The Spectrum 2 series is a combination of a sleek design with simple functionality. It is easy to install and comes with a 3-way integrated control switch. Optional remote control kit is available.

Spectrum Tab-Tension 2 Series

Is part of Elite's CE-Retail line of electric projection screens. It's tab-tension reinforced CineWhite® UHD-B material, which is ISF certified, provides enhanced material flatness.

Starling 2 Series / Starling Tab-Tension 2 Series

Starling 2 Series is one of our most comprehensive electric projection screen lines which is now equipped with a fast tubular motor to improve the operation speed.

VMAX 2 Series

Is an enhanced electric motorized projector screen for commercial and home theater applications. It has a silent and power-saving synchronous motor. With standard features such as the IR & RF remotes, 12v Trigger and Electronic "Eye" Receiver.

Starling Tab-Tension 2 CineGrey 5D® Series

An electric motorized retractable projector screen that uses an Ambient Light Rejecting material. Material enhances picture quality in environments with little control over room lighting.

Saker Tab-Tension AUHD

An acoustically transparent Ultra HD electric/motorized tab-tensioned projection screen. The AcousticPro UHD material is designed to complement in-wall speakers while allowing sound to pass through the material with minimal attenuation.

Saker Tab-Tension CLR® 2

A Ceiling Light Rejecting electric projector screen that features Elite Screens proprietary CLR® 2 front projection material. The CLR® 2 rejects ceiling and off-axis light and is compatible with ultra-short throw and short-throw projectors.

Starling Tab-Tension 2 CineGrey 4D Series

A high-quality electric tab-tensioned motorized screen. It utilizes our CineGrey 4D material, which is a ceiling ambient light rejecting front projection surface.

Spectrum Tab-Tension CineGrey 3D®

Is part of Elite's CE-Retail line of electric projection screens that uses the CineGrey 3D® angular reflective material. It's a reference quality front projection screen material formulated for environments with minimal control over room lighting.

Electric Screens - Floor Rising

Kestrel Tab-Tension 3 Series

An electric floor-rising projection screen that is an attractive centerpiece for home theater or high-level conference rooms. Its tab-tension design maintains a flat and taut front projection surface to provide a ripple-free image suitable for UST projectors.

Yard Master 2 Series

Yard Master 2 is a folding-frame outdoor projection screen. Its light-weight aluminum frame allows it to be set up in minutes by simply unfolding the frame; attaching the legs and material. It is the perfect companion for outdoor presentations.

Yard Master Plus Series

The Yard Master Plus is an enhanced version of Elite's portable indoor/outdoor folding-frame screen that comes with variable height settings to accommodate larger venues.

Yard Master Manual Series

A non-electric outdoor projection screen that is IP65 certified for rain/water protection. Its retractable design is ideal for wall and patio installations as it brings media room quality in addition to functionality to your outdoor spaces.

Pop-Up Cinema Series

The Pop-up Cinema Series, is a portable pop-up Cinema projection screen for instant use in outdoor or indoor environments.

Yard Master Lite Series

The Yard Master Lite is a lightweight outdoor portable projection screen. Its aluminum tube frame construction allows the screen to be assembled quickly by joining the tube frames together for on-the-go presentations or movies in the backyard.

Yard Master Electric

Elite Screens' outdoor projector screen for patios and other outdoor spaces that is easily controlled with the included RF remote. Watch a movie in the convenience of your own backyard, patio, pool deck, or wherever your creative innovation leads.

Yard Master Electric Tension

The Yard Master Electric Tension Series is an electric screen with 2-way projection material that is IP33 rated for wind/rain penetration for outdoor applications. The tab-tension design supports a front/rear projection surface with perfect uniform flatness.

Yard Master Sport Series

The Yard Master Sport is an ultra-light-weight portable projection screen. The detachable screen material is equipped with hanging loops so that it will be centered if hung on its tripod stand or onto a wall which is ideal for either indoor or outdoor applications.

Yard Master 2 WraithVeil® Dual Series

A fast folding-frame outdoor or indoor projection screen. It includes a front and rear projection material in one. This eliminates the need to swap out materials and conveniently accommodates both projection set ups.

Portable Screens

ezCinema 2 Series

The ezCinema 2 is a free-standing portable projection screen that offers more features than our earlier model. It swiftly pulls up and retracts using a "scissor-backed" free-standing mechanism that requires no extra tools.

ezCinema Tab-Tension

The ezCinema Tab-Tension is a free-standing portable projection screen that is offered now with a tab-tension system and "scissor-back" mechanism. This is the perfect "projector screen in a box" for portable presentations on the go.

Lite-On CLR® 3 Series

The Light-ON CLR® 3 is a category of Ceiling Light Rejecting (CLR®) solutions designed to work only with Portable Ultra Short Throw projectors that combat the washout effect in bright ceiling light rooms such as classrooms or living rooms.

Tripod B Series

The Tripod B Series is a light-weight portable projection screen of the traditional tripod design. It's a dependable design that is easy to carry for portable small or large venue presentations.

Tripod Series

This proven and reliable tripod portable projection screen combines precision with the elegance of a traditional design. Its rugged construction will withstand the rigors of daily use while its adjustable locking ring provides ease in its adjustable height settings.

Tripod Pro Series

Tripod Pro features a new casing with the velour surfacing that adds a touch of elegance for more upscale small or large venue presentations. Its black tube casing adds protection and is coated in a velveteen material that absorbs glare from projectors.

Tripod Tab-Tension Series

A refined variant of this traditional design in portable "free-standing" projection screens. The tab-tensioned, front projection material is of a higher caliber CineWhite® UHD-B material which is ISF Certified for superior color temperature, saturation, and contrast.

QuickStand 5-Second Series

QuickStand 5-Second Series is a large venue free-standing "pull-up" projection screen. Its portable design makes it ideal for conference rooms and large group presentations on the go.

ezCinema Series

The ezCinema Series is a small and large venue ultra-portable projector screen that sets up easy using its detachable telescoping support bar hardware for residential or commercial presentations.

Tripod Lite™ Wall Series

The Tripod Lite™ Wall by Elite Screens features a very light-weight portable projection screen design to be used either as a free-standing tripod or hanging wall display. It is intended for ultra-lightweight portable presentations.

Designer Cut Series

Designer Cut Series is Elite's selection of pre-cut projection screen material swatches. The swatches are prepared for use in custom solutions and other improvised installations according to the integrator's needs.

Aeon Series

Aeon Series is a fixed frame projection screen that uses Elite's EDGE FREE® technology. The EDGE FREE® design resembles a giant size flat panel TV display.

Aeon CLR®

An EDGE FREE® fixed frame screen that uses Elite's innovative StarBright CLR® (Ceiling Light Rejecting®) material. Its angular serriform microstructures negate the washout effects of ambient light, especially from overhead sources.

Aeon CineGrey 3D® Series

The CineGrey 3D® is a reference quality front projection screen material formulated for environments with minimal control over room lighting. It was designed to enhance picture brightness, offer accurate color fidelity, and improve contrast levels.

Aeon AUHD

The Aeon AcousticPro UHD is an acoustically transparent (AT) Ultra-Hi Def fixed frame projection screen. The AcousticPro UHD material is designed to complement in-wall speakers while allowing sound to pass through the material with minimal attenuation.

SableFrame A1080P3 Series

Fixed frame projector screen featuring the AcousticPro 1080P3 material. The AcousticPro 1080P3 is an acoustic transparent material that allows sound to pass through with minimal attenuation.

SableFrame CineGrey 3D®

The CineGrey 3D® is an angular reflective front projection material designed to reject ambient light while maintaining superb picture quality. The CineGrey 3D® is the perfect solution for rooms that have little or no control over incidental light.

Aeon CineWhite® A8K Series

The Aeon CineWhite® A8K is an EDGE FREE fixed frame screen with an ultra-fine acoustically transparent front projection material for high-resolution projectors. It is ISF Certified for accurate color reproduction in dark room environments.

Aeon CineGrey 3D® AT

Elite Screens' Aeon CineGrey 3D® AT is a fixed frame ambient and ceiling light rejecting (ALR/CLR®) projection screen that is perforated to permit acoustic transparency for use with in-wall speakers.

Sable Frame B2 Series

The Sable Frame B2 screen feature Elite's CineWhite, 1.1 gain front projection material in a 16:9 aspect ratio. Enjoy an ultra-flat projection surface accomplished by a spring tensioned system.

Aeon CLR® 2 Series

The Aeon CLR® 2 is an EDGE FREE® ceiling and ambient light rejecting projection screen. It specializes in negating the washout effect caused by overhead and other off-axis light sources. The CLR 2 features a durable scratch-resistant coating that is easy to clean.

Aeon CLR® 3 Series

An EDGE FREE® fixed frame screen that utilizes our CLR® 3 (Ceiling Light Rejecting®) material. The material absorbs 90% of overhead light and Improves color saturation and black levels under ambient light conditions.

Lunette / Lunette 2 Series

The Lunette Series Fixed Frame Screen has a curved frame with 3.5" black frame borders with CineWhite® or AcousticPro1080P3 material options.

ezFrame CineGrey 5D®

Fixed Frame projection screen featuring the ALR CineGrey 5D® screen material. The CineGrey 5D® is an angular reflective front projection material designed to reject ambient light while maintaining superb picture quality.

Evanesce Tab-Tension B CineGrey 5D®

An in-ceiling electric projection screen designed for integrated ceiling installations. It utilizes our CineGrey 5D® ambient light rejecting material for superb performance with the lights on or off.

Evanesce Tab-Tension B Series

An elegant finished in-ceiling projection screen. It has a slim casing for easy installation from above or below a ceiling. The tab-tensioned system maintains flatness uniformity with no tab impressions.

Evanesce / Evanesce AcousticPro UHD Series

A fully contained in-ceiling electric projection screen. It is encased in a white-enameled aluminum housing for convenient installation. Available in matte white and acoustic transparent screen materials.

Evanesce B Series

The Evanesce B is a versatile in-ceiling projection screen that conveniently disappears from view when not in use. It can be installed from within the above-ceiling airspace or from below thanks to its removable base panels that were originally designed for the European market.
