

Evanesce Tab-Tension B CineGrey 5D®

Electric Motorized In-Ceiling ALR Projection Screen

Product Description

The **Evanesce Tab-Tension B CineGrey 5D®** is an in-ceiling electric projection screen designed for integrated ceiling installations. It utilizes our CineGrey 5D® ambient light rejecting material for superb performance with the lights on or off. The tab-tensioned material provides uniform flatness over the entire projection surface with superb color saturation, contrast and black/white dynamic range.

Product Design & Features

- Angular Reflective Material
- High-contrast diffusion layers (Enhances black level dynamic range and color saturation)
- Angular reflectivity negates light scatter artifacts and is ideal for residential or commercial applications
- Disappearing “in-ceiling” design for multi-purpose rooms
- Below or Above ceiling access accommodates installations from within the room or ceiling space
- Tab-tension designs maintains uniform screen flatness
- White enameled aluminum housing is durable and moisture resistant for structural integration

Technical Data

Projection Type:	Front projection
Light Reflectivity:	Absorbs up to 75%
Projector Compatibility:	Standard throw projectors ONLY
CineGrey 5D®:	1.5 Gain (80° View Angle) Flame Retardant
Certifications:	ISF Certified; GreenGuard® Gold
Black Borders:	Yes
Motor Type:	Tubular Motor
Warranty:	2-Year / 3-Year ENR-G Warranty

Control System

- Internal Infrared and Radio Frequency receivers
- Includes Radio Frequency (RF) and Infrared (IR) remote controls
- Standard 5-12-volt projector trigger to synchronize screen operation with the projector's power cycle

Available Screen Materials

CineGrey 5D®
