

# Kestrel Tab-Tension CLR®

Motorized CLR Floor-Rising Projection Screen

Compatible with Tabletop/Bottom Mounted Ultra-Short Throw Projectors ONLY

## Product Description

The **Kestrel Tab-Tension CLR®** is a motorized floor-rising projector screen with Ceiling Ambient light rejecting capabilities. It is suited for ultra-short throw projection applications in meeting or living room spaces. It is the ideal non-invasive solution for environments with bright room lighting or if wall-ceiling installations are impractical. Under normal lighting conditions, matte white screens present a milky, washed-out image. The Kestrel Tab-Tension CLR® allows a larger than life display with “TV-Screen” brightness to appear at the press of a button regardless if the lights are on or off.

Models	Diagonal	Aspect Ratio	View Width	View Height	Material	Gain	Case Color	Bottom Border
FTE101UH-CLR	101"	16:9	88.0 in	49.5 in	StarBright CLR®	0.6	Black	8 in
FTE121UH-CLR	121"	16:9	105.5 in	59.3 in	StarBright CLR®	0.6	Black	12 in

## Product Features

- StarBright CLR (Ceiling Light Rejecting) material absorbs up to 95% of overhead lighting
- 100x contrast enhancement over standard matte white screens
- Multi-layered optical micro-structures filter out ambient light for superior image brightness and performance
- Reflective layer concentrates projected light back to viewer and does not scatter throughout the room
- Material enhances lifelike image performance with superb color fidelity, contrast and black/white dynamic range
- Black-backing (non-opaque) enhances image brightness
- Available in diagonal sizes 101" and 121" in 16:9 aspect ratio
- Ultra-wide viewing angle allows viewers to spread out while maintaining uniform picture quality
- Rises and lowers using “scissor-backed” cross spring risers
- Project from within a short distance without shadowing the picture
- Specially designed for table-top ultra-short throw projectors
- Built-in Infrared and Radio Frequency (IR/RF) receivers
- Includes USB rechargeable IR/RF remote controls with cradle holders for wall placement
- Plug & Play ready, no hardwired installation required
- 2-Year / 3-Year ENR-G Manufacturer's Warranty by Elite Screens, an ISO9001 manufacturer since 2004
