

Elite's **PicoScreen™ Series** is an ultra light and compact free-standing projection screen that is designed for portable tabletop presentations. It incorporates stability while a self-locking cross riser allows the screen to be pulled up out of its durable metal casing and be set up in less than 10-seconds. The screen measures up to 45" and is made of Elite's GREENGUARD® certified MaxWhite® Fiberglass (FG) 1.1 gain projection screen material. A durable fabric carrying case is included.

#### Screen Material

- MaxWhite® (FG) 1.1 gain material provides flatness
- Wide 180° viewing angle
- Flat and durable screen material
- Easy to clean and mildew resistant
- Black backing on material for sharper picture and clarity
- Active 3D, 4K/8K Ultra HD, and HDR ready
- Diagonal size: 45" in 4:3 / 16:9 / 16:10 / 2.35:1 multi-format

#### Design and Installation

- Designed for portable business/personal tabletop presentations
- Compatible with both regular and "Pico" micro-projectors for 16:9 and 16:10 presentations
- Lightweight & slim design carries easily with a briefcase
- Scissor-back design, allows screen to set up in seconds
- Canvas travel bag included for added protection

#### Quality & Reliability

- Flame Retardant: Complies with NFPA 701 Standards
- GREENGUARD® and GREENGUARD® Gold Certified
- 2-year Parts & Labor manufacturer's warranty
- 3-year warranty offered through ENR-G program (Education, Non-Profit, Religious and Government)
