

The **Sable Frame AcousticPro 1080P3** series is a fixed frame projector screen featuring the AcousticPro 1080P3 material. The AcousticPro 1080P3 is an acoustic transparent material that allows sound to pass through with minimal attenuation, which allows for speakers to be placed behind the screen.

Screen Material

- AcousticPro 1080P3 is an acoustically transparent front projection material.
- The perforated weave eliminates the moire effect while presenting warm neutral colors
- Flat tensioned screen material with wide viewing angle and 1.0 gain
- Active 3D, 4K Ultra HD, and HDR Ready
- Standard black backed screen material eliminates light penetration
- Available in the following diagonal sizes:
 - 100" in 16:9 format
 - 96" and 166" in 2.35:1 format

Design & Installation

- Home Theater fixed frame screen is designed for today's 720P, 1080P and 4K Home Cinema projectors
- Black velvet surfaced covered 2.36" aluminum frame enhances overall appearance and absorbs projector light overshoot
- Easy to assemble and install in minutes
- Adjustable fix plates provide equal tension over the entire projection surface
- Sliding wall brackets allow screen to slide horizontally for properly centered installation.
- Installation kit includes: sliding wall brackets, drywall anchors, and screws.
- 2-Year / 3-Year ENR-G Manufacturer's Warranty by Elite Screens, an ISO9001 manufacturer since 2004
