

Starling Tab-Tension 3 Series

Electric Motorized Projection Screen

Product Description

The **Starling Tab-Tension 3** delivers premium performance with a sleek, reliable, motorized design. Its tab-tensioned CineWhite® screen ensures exceptional flatness for stunning clarity across a wide viewing angle, and the ISF-Certified 1.1 gain surface supports 4K UHD and active 3D projection. A robust tubular motor ensures smooth operation, and adjustable mounting brackets make installation effortless.

Product Design & Features

- CineWhite® matte white flexible projection material for light controlled environments
- Wide viewing angle allows viewers to see a clear bright picture from any seating position
- Black masking borders absorb projector overshoot while enhancing visual contrast
- CineWhite material is ISF Certified for Accurate Color Reproduction
- Tab-tension design helps maintain a flat projection surface
- Curved aluminum case is moisture resistant
- Plug & Play design with built-in low voltage control system
