

Tripod Tab-Tension CLR® 2 Series

Ceiling Light Rejecting Portable Pull-Up Projection Screen

Product Description

The **Tripod Tab-Tension CLR® 2** is a portable pull-up retractable front projection screen with Ceiling Light Rejecting technology. The screen features our CLR® 2 ultra/short-throw projection surface which absorbs up to 90% of overhead light. It has a scratch-resistant laminate coating that will ensure product longevity. The tripod design and housing are durable yet portable thanks to the included canvas carrying bag. This is perfect for quick setups in a room where ambient light cannot be controlled.

Product Design & Features

- Pull-up retractable design allows for a swift and convenient setup/breakdown
- Patented multi-angle base structure with protective coating layer
- Black masking borders absorb projector overshoot while enhancing image contrast
- Auto-locking mechanism controls variable height adjustment
- Tab-tension design assists in maintaining projection surface flat
- Carrying bag included for easy transportation, protection and storage
- Black tripod skirt included provides an elegant and professional presentation
