

Yard Master Tab-Tension Wireless Series

Battery-Operated Outdoor Projection Screen

Compatible with Ultra-Short, Short and Standard Throw Projectors

Product Description

The **Yard Master Tab-Tension Wireless** is a battery-operated outdoor projection screen which eliminates the need for a power cable. It is IPX3 rated for water protection for outdoor applications. The tab-tension design provides uniform tension on all sides for a flat and taut projection surface.

The CineWhite® front projection surface provides excellent brightness uniformity, color reproduction with superb image clarity for nighttime movie presentations.

Product Features

- CineWhite® 1.1 Gain matte white flexible front projection material
- Wide viewing angle allows the audience to see a clear, bright, uniform picture from any angle
- Standard 4-side black masking borders absorb projector overshoot while enhancing visual contrast
- Black backing eliminates light penetration for enhanced brightness and color saturation to prevent picture degradation
- Compatible with Full HD, Ultra HD (4K/8K) and Active 3D projectors
- ISF Certified for accurate color reproduction – An industry standard for high-fidelity visual display systems
- Designed for outdoor use without compromising its home theater visual appeal
- Available in diagonal sizes 125" and 140" in 16:9 format
- Dynamic indoor home theater quality with outdoor durability
- Ideal for backyards, patios, pool decks, and recreation room installations
- Heavy-duty steel case in a white finish includes end caps for wall or suspended ceiling installation
- Tab-tension design provides uniform flatness over the entire projection surface for ripple-free presentations
- Radio Frequency remote for long range operation
- Built-in rechargeable Li-on battery eliminates need to plug screen
- Battery charge can last up to 200 cycles on a single charge
- IPX3 Rated for protection against water spray less than 60 degrees from vertical
- 2-Year / 3-Year ENR-G Warranty by Elite Screens
