

The **ezCinema 2** by Elite Screens is a free-standing portable projection screen that offers even more features to CE Retail customers than our earlier model. It swiftly pulls up and retracts using a “scissor-backed” free-standing mechanism that requires no extra tools, accessories or effort. This is the perfect “projector screen in a box” for portable presentations on the go. The matte white material has a wide viewing angle and is masked on all 4 sides for enhanced aesthetics and visual contrast. The screen comes with a black backing to eliminate light penetration for brighter image fidelity.

Screen Material

- MaxWhite® 2 (matte white) 1.1 Gain front projection material
- Wide viewing angle allows viewers to see a clear picture with equal brightness over a full 180° angle.
- Black masking borders absorb projector overshoot while enhancing visual contrast
- Black material backing reduces light penetration for enhanced image brightness
- ISF Certified for accurate color reproduction
- Active 3D, 4K Ultra HD, and HDR ready
- Compatible with Standard throw Projectors only
- Available in the following diagonal sizes and aspect ratios
 - 52", 84", 105" and 120" in 4:3 format
 - 70", 84", 95" and 107" in 16:9 format
 - 110" in 16:10 format

Design & Operation

- Easy to transport and set up for traveling presentations (carrying bag included)
- Lightweight yet durable aluminum casing protects the screen during transport & storage
- Folding handle enables a quick and swift pull-up operation
- Scissor-backed design permits screen to deploy and retract effortlessly
- Rotating base feet provide added stability

Quality & Reliability

- GREENGUARD® and GREENGUARD® Gold (UL 2818) Certified for safe air quality emissions
- 2-year limited manufacturer’s warranty, and 3-year warranty for ENR-G - Education, Non-profit, Religious and Government/Military organizations
